DIRECTOR'S MESSAGE

I am happy to announce 3rd edition of **International Conference on Automotive Materials and Manufacturing 2020 (AM&M 2020)**, jointly organized by ARAI, ASM & SAEINDIA, on 3rd & 4th December 2020 on digital platform. The Conference mainly focuses on use of state-of-the-art technologies in **Future Automotive Materials and Manufacturing, for Automotive and Ancillary Industry** in line with Hon'ble Primer Minister's Atmanirbhar Bharat program.

The theme of AM&M 2020 is "**Advances in Automotive Materials and Manufacturing for Future Mobility**".

AM&M 2020 will bring together renowned experts, technocrats and professionals in the field of materials and manufacturing technologies to exchange the innovative ideas, future technological options, etc. AM&M 2020 will provide platform for presentation of technical keynotes on Smart Materials and Manufacturing Practices, High Strength Materials, Composite Materials, Light Weighting of Automotive components, Durable Materials from Aircraft & Defence Industry. New Generation Materials for E-mobility, Hybrid and Fuel Cell Vehicles, Recycling, Reuse of Materials, etc.

I am sure, outcome of AM&M 2020 will provide efficient solutions in terms of performance and material life at economical scale.

Industry Revolution 4.0 and its success stories in manufacturing processes will throw light on OEMs, Tier 1 and Tier 2 manufacturers. The Conference will provide opportunity to the industry professional technocrats to present progress & new opportunities in manufacturing technologies. Additive Manufacturing Techniques are supporting Industry for timely solutions, alternative designs and materials in automotive industry.

Panel Discussion on the theme of the Conference is scheduled on 4th December 2020, wherein eminent personalities in the field will participate and discuss on the topics of interest, like Aerospace Materials, Nano-Materials, & Advanced Material Technologies, etc.

AM&M 2020 is organised in association with ACMA, COEP, IIT- Kanpur, IIT - Mumbai, NCL, DRDL, ARDE, ARC-Hyderabad, Bharat Forge, Tata Motors.

I would like to make an appeal to the entire Mobility Industry, Industry Bodies and Associations, Academia, Research Organizations, and all the ecosystem stakeholders to support this conference in terms of high quality of presentations, delegate participation and publicity in their organisations.

We are geared up to make the Conference successful in all respect and solicit wholehearted support of all the stakeholders.

Neelkanth V. Marathe

Officiating Director - ARAI Pune

TOPICS

MATERIALS

- Light-weight Materials
- Advanced Material Characterization Techniques
- Composite / Polymeric Materials
- Surface Coating
- Simulation, Mathematical Modelling, ICME
- Materials for e-mobility
- Recycling and Reuse

MANUFACTURING

- Advanced Forming Processes
- Advanced Metal Joining Processes
- Process Improvements in Foundry and Forging
- Process Design & Simulation
- Additive Manufacturing (3D printing)
- RP Techniques in Tooling Manufacturing
- Industry 4.0 and Artificial Intelligence for Material Science and Manufacturing

CONFERENCE SCHEDULE

3rd Dec. 2020

Timings	Activity
	Delegate Registration -1 day in advance
09:00 - 09:30	Inaugural function
09:30 - 12:00	Technical Session 1
18:00 - 20:00	Technical Session 2

4th Dec. 2020

Timings	Activity
09:00 - 11:30	Technical Session 3
17:30 - 19:30	Technical Session 4
19:30 - 20:30	Panel Discussions
20:30 - 21:00	Valedictory Function

FEES STRUCTURE

Category	Indian National (₹)	Foreign National (\$)
Delegates
